

Dear Scientists, Doctoral Students, Postgraduates, Teachers and Applicants for higher education!

We invite you to take part (to participate) in the International Scientific and Practical Conference 2023.

"Innovative technologies for the development and efficiency of road transport"

**Central Ukrainian National Technical University
Ministry of Education and Science of Ukraine
November 22-24, 2023**

Purpose of the conference: highlighting the most urgent topical issues of increasing the efficiency of road transport operation and finding the best ways to solve them by developing and implementing modern innovative technologies in production, sharing research and practical experience, publishing the results of scientific research.

Representatives of business in the field of motor transport, employees of transport enterprises, technical service are also invited to participate in the conference.

The main directions of the conference:

- modern and perspective designs means of transport;
- development of technologies of maintenance, service and repair means of transport;
- improvement of technologies of transport processes and road safety;
- increase of reliability of functioning means of transport and automobile transport enterprises;
- system of engineering in road transport;
- regulatory and legislative support for the efficiency of the operation and development of road transport;
- economy and organization of road transport operation, market of transport services;
- automation of control processes and modern information technologies in road transport;
- "green" (eco) transport and promising methods of reducing the ecological load of road transport on the environment;
- improvement and use of new structural and operational materials in the vehicles' life cycles;
- intelligent transport systems;
- integrated logistics systems for supporting the vehicles' life cycle and transport infrastructure;
- agro-logistics;
- logistics of transport and production enterprises;
- mechatronics and electronics in road transport;
- improving the quality of training of specialists in the specialty 274 "Road Transport" and 275.03 Transport technologies (road transport).

Official languages of the conference: Ukrainian, English.

Form of participation: remote using the ZOOM program (the conference number and access code will be sent additionally and posted on the website of the ERM department: erm.kntu.kr.ua).

CONDITIONS OF PARTICIPATION:

Participation in the International Scientific and Practical Conference and publication of the authors' materials is **FREE**.

By November 22, 2023 (inclusive), it is necessary to send the topics of the reports to the e-mail address of the organizing committee konf.erm.cntu@gmail.com, and the materials themselves:

- **a file with scientific materials** (the name of the file should be signed according to the first two names and initials of the participants of the conference (**the total number of authors in one scientific materials is not more than 7**) and should contain "ITDERT_2023";

- **filled in information about the authors and information for publication in the repository of the CNTU by the editorial board** (submitted in the same file with scientific materials at the end of the document) until December 3, 2023.

An electronic version of the collection of scientific materials will be sent to the participants at the conclusion of the conference at the e-mail address provided by the authors in the application.

Organizing Committee Address:

Ukraine, Kropyvnytskyi, University Avenue (University prospect) 8, 025006, Chair of Machine's Exploitation and Repair, Faculty of Building and Transport, Central Ukrainian National Technical University.

REQUIREMENTS TO EXECUTION OF SCIENTIFIC MATERIALS:

The materials of the report at the conference are accepted, printed in the text editor Microsoft Word, font Times New Roman, 12 pt., line spacing - single, margins: top - 2 cm, bottom - 2 cm, right and left - 2 cm.

More detailed information on the preparation of report materials and a sample can be found on the official website of the Central Ukrainian National Technical University <http://erm.kntu.kr.ua/KONFERENSIIA.html>.

The materials of the report should be presented in accordance with the requirements.

About the authors

Section				
City	ZVO	Surname, first name, patronymic of the author, degree, title, position.	E-mail address, phone number.	Certificate Requirement / If "Yes" then the English name is required

Scientific materials are non-editable, so they must be carefully prepared.

The authors are responsible for the enlightened content and authenticity of scientific materials.

For students, scientific materials that are submitted alone should have the recommendation of the supervisor.
